*Beyond Limits 5*

In October Sotheby's will be hosting a Sculpture Exhibition "Beyond Limits 5" in the Gardens of Chatsworth House. For the past three years Sotheby's have used the Gardens at Chatsworth House as a "Gallery" to exhibit modern sculptures which attract buyers from all over the world. The general public is invited to share this rare opportunity of viewing these sculptures when purchasing the garden ticket at the usual price.

During the last three years these occasions have proved stimulating and exciting. Those of you bringing husbands, wives or partners for the day or weekend might find this an excellent day out.

**NIGEL PERRIN - Musical Director**

Nigel Perrin's musical life began as a boy chorister at Ely Cathedral from where he won a choral scholarship to King's College, Cambridge, to study under Sir David Willcocks. After a short time spent singing in most of London's professional choirs, Nigel became well known as the high voice in the original group The King's Singers.

His current international career includes conducting, directing choral workshops and summer schools, adjudicating and teaching. He is also a member of staff at Wells Cathedral Specialist Music School where he works with young developing voices and trains the Chapel Choir.

Having established Bath Camerata as one of the country's leading chamber choirs, he is greatly sought after as an inspiring choral conductor, directing the City of Bath Bach Choir, the Bath Festival Chorus and the Exeter Festival Chorus and working regularly as consultant and motivator to many other choral groups.

**GOLDSTONE and CLEMMOW – Piano Duo**

Now in their second score of years making music together, described by The Gramophone as "a dazzling husband and wife team" and by International Record Review as "a British institution in the best sense of the word", leading British piano duo Goldstone and Clemmow consists of internationally known artists ANTHONY GOLDSTONE and CAROLINE CLEMMOW.

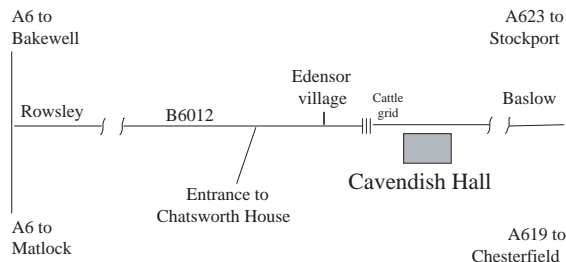

Goldstone and Clemmow have gained a special reputation for their refreshing, enthusiastic approach to concert-giving, including - where appropriate - informal yet

informative spoken introductions, and they attach an extremely high value to the warm rapport they create with their audiences.
